

GV-Smart Box V3

INTRODUCTION

The GV-Smart Box is a standalone device designed for object counting. Connecting to any analog camera, the GV-Smart Box counts the number of visitors, vehicles or faces. Having this data not only helps you keep an eye on your properties, but also helps identify peak traffic hours, providing valuable information for making strategic decisions.

Without installing any software, you can easily access the live images and counting data of the GV-Smart Box from anywhere in the world through a computer using the IE browser. You can also integrate the GV-Smart Box with GV applications such as GV-Web Report, GV-System and GV-Compact DVR to support extended functionality.

Features

- Counts the number of visitors
- Counts the number of faces
- Counts the number of vehicles
- Easily accessible Web-based interface to watch live views, query database, and customize settings
- Triggers alarm when faces covered with masks are detected
- Supports adjustment of video attributes
- Sets detection mode by schedule
- Supports UMTS and WiFi
- Integrates with GV-Web Report, GV-System or GV-Compact DVR
- Connects to VSM and sends alerts in the event of I/O trigger, video lost and network disconnection
- Supports adjustment of video attributes

System Requirements

These are the requirements for the computer that displays the image or controls the GV-Smart Box.

- **OS:** 32-bit Windows XP / Vista / 7 / Server 2008 ; 64-bit Windows 7 / Server 2008
- **Web Browser:** Internet Explorer 7 or later

Specifications

Video Compression	JPEG	
Video Resolution	CIF	
Frame Rate	NTSC	15
	PAL	12
Connectors	Video	1 input (BNC port)
	TV-Out	1 output (BNC port)
	I/O Port	2 sensor inputs and 2 alarm outputs
	Ethernet	RJ-45, 10 / 100 Mbps
	USB	1 port for UMTS or WiFi
	Local Storage	Micro-SD/SDHC memory card slot (for Class 6 card or above)
Protocol	HTTP, HTTPS, TCP, DHCP, NTP, UPnP, DynDNS, QoS (DSCP), SNMP	
Operation Temperature	-20°C ~ 55°C / -4°F ~ 131°F	
Dimensions (L x W x H)	123 x 106 x 25 mm / 4.84 x 4.17 x 0.98 in	
Power	DC 12V, 1A, 50~60 Hz	
Weight	0.345 kg / 0.76 lbs	

Options

Optional GV applications can expand your GV-Smart Box's capabilities and versatility. Contact your dealer for more information.

GV-WiFi USB Adaptor	The WiFi USB Adaptor is designed to connect the GV-Smart Box to the wireless network.
